## Additional Information on the Low-Income Subsidy (LIS) Requirement for Medicare Part D Recipients

The LIS, also known as Extra Help, is a federal Medicare program that helps people with limited income and resources pay for prescriptions.

To qualify for the Johnson & Johnson Patient Assistance Program, Medicare Part D patients are required to demonstrate that they are NOT eligible for LIS if their Gross Household Income is less than 150% of the Federal Poverty Level (FPL).

To confirm that a patient is NOT eligible for LIS:

1. Visit [SSA.gov/extrahelp](https://www.ssa.gov/extrahelp), click “Apply online” under the Apply for Extra Help online heading, and complete the “Find Out If You Qualify” section at the bottom of the first page.
2. Complete the fields to determine if the patient may qualify for LIS.
3. Print the outcome page or save as a screenshot, then fax this page to **866-279-0669**. You can also call us to complete this process.

# What are the terms & conditions for patients?

## JOHNSON & JOHNSON PATIENT ASSISTANCE PROGRAM

You may be eligible to receive your medicine(s) from Johnson & Johnson (J&J) at no cost for up to one year if you have been prescribed a medicine from J&J, have a financial hardship and have exhausted all other affordability options.

You must meet the eligibility and income requirements to qualify for the Johnson & Johnson Patient Assistance Program.

You are not eligible for medicine from J&J at no cost if your health insurance will cover the cost of your prescribed medicine from J&J if this application is denied. Some employers, insurers, and other companies force patients to apply for medically necessary medicines from free product programs instead of covering such medicines directly and immediately through insurance, which could lead to delays in care and discriminate against lower-income patients. These types of “Assistance Diversion Programs” are generally established by companies that profit by diverting resources away from patients in need. An Assistance Diversion Program is any insurer, employer, or third-party program that withholds coverage or payment for Patient’s medically necessary drug until Patient has completed an application for free product assistance. Assistance Diversion Programs are prohibited by J&J to make sure that help is available for patients with no safety net in place. Your insurer must submit a Patient Eligibility Certification form to confirm that your drug coverage is not subject to an Assistance Diversion Program.

The Johnson & Johnson Patient Assistance Program does not replace products that were administered or dispensed to eligible and enrolled patients from provider supply or provider-affiliated pharmacy supply.

You may not seek payment for the value of medicines from J&J received from this program from any health plan, patient assistance foundation, flexible spending account, or healthcare savings account.

Before you enroll in the patient assistance program, it is important you understand that you will be asked to provide personal information that may include your name, address, phone number, email address, financial information, and/or other information, including information related to your prescription medicine insurance and treatment. This information will be used by Johnson & Johnson Health Care Systems Inc. and its service providers to determine your eligibility for, enroll you in, and administer the program. The use of your information will be governed by our [Privacy Policy](#).

If you have Medicare Prescription Drug Coverage (Part D) and your income is equal to or less than 150% of the Federal Poverty Level (FPL), you will need to demonstrate that you are not eligible for the Low-Income Subsidy (LIS).

This program offer may not be used with any other coupon, discount, prescription savings card, free trial, or other offer. Offer good only in the United States, Puerto Rico, and the US Virgin Islands, which includes St. Thomas, St. John, and St. Croix. Void where prohibited, taxed, or limited by law. Program terms will expire at the end of each calendar year and may change or end without notice, including in specific states.

You may end your participation in the program at any time by calling 833-742-0791, Monday through Friday, 8:00 AM to 8:00 PM ET.
