CAPLYTA withMe Savings Program Requirements

The CAPLYTA withMe Savings Program provides medicine cost support for eligible patients.

- Eligible patients may pay as little as $0 for 30-, 60-, or 90-day prescriptions. Maximum program benefit per calendar year shall apply. Patient out-of-pocket expense will vary based on the patient's health plan and coverage details.
- Eligible patients whose insurance does not cover CAPLYTA or whose coverage restrictions have not been met pay as little as $0 on the first fill for 30-day supply, per lifetime.
- Eligible, commercially insured patients who are taking CAPLYTA as an adjunctive or add-on treatment for Major Depressive Disorder pay as little as $0 per prescription fill for a generic antidepressant.

Am I eligible?

You may be eligible for the CAPLYTA withMe Savings Program if you are age 18 or older, use commercial or private health insurance for your prescribed CAPLYTA, and must pay an out-of-pocket cost for your medicine. Participate without sharing your income information.

Some health plans have programs or benefit designs known as "accumulators" or "maximizers." These programs divert patient assistance funds away from patients.

- Accumulators don't allow patient assistance to count toward the patient's deductible and out-of-pocket maximum until the maximum value of the patient assistance is reached.
- Maximizers also don't allow patient assistance to count toward the patient's deductible and out-of-pocket maximum. Maximizers apply the full value of the patient assistance over the year. This could be either the same amount each month or a larger amount early in the year that tapers off, without allowing any of those funds to count toward the patient's annual deductible or out-of-pocket maximum.
- The CAPLYTA withMe Savings Program is designed solely for the benefit of the patient. Thus, Johnson & Johnson reserves the right to reduce the CAPLYTA withMe Savings Program maximum benefit for patients in an accumulator or maximizer program or benefit design, except where prohibited by law.

In addition, some health plans have "non-essential health benefit maximizers" that conflict with the program requirements of the CAPLYTA withMe Savings Program.

- These programs or benefit designs, like the services offered by SaveOnSP, classify certain medicines such as CAPLYTA as "non-essential." This takes away protections for patients provided by the Affordable Care Act (ACA) related to maximum out-of-pocket limits.
- The CAPLYTA withMe Savings Program is designed solely for the benefit of the patient. If your insurance company or health plan partners with SaveOnSP, then except where prohibited by law, you will not be eligible for, and you agree not to use, the CAPLYTA withMe Savings Program.
- Please let CAPLYTA withMe know if your insurance company or health plan has one of these programs or benefit designs, including SaveOnSP, by calling 800-639-4047 to discuss your options. Since you may not know you are subject to one of these programs or benefit designs when you enroll in CAPLYTA withMe, J&J will monitor your utilization.
- J&J reserves the right to discontinue cost support if you no longer meet eligibility requirements.
- If your health plan removes CAPLYTA from its partnership with SaveOnSP or other non-essential health benefit maximizer, you may be eligible to be reinstated in the CAPLYTA withMe Savings Program.

By utilizing this Savings Program, you accept and agree to abide by these program requirements. Any individual or entity who enrolls or assists in the enrollment of a patient in the Savings Program represents that the patient meets the eligibility criteria and other requirements described.
